The City agrees to deduct dues and assessments in an amount certified to be correct by the Secretary or Treasurer of the Union from the pay of those employees who individually request in writing that such deductions be made. The total amount of deductions shall be remitted by the City to the Treasurer of the Union. This authorization shall remain in full force and effect during the term of this Agreement.

SECTION 2.

**ARTICLE IV
RIGHTS OF THE EMPLOYER**

There is reserved exclusively to the City all responsibilities, powers, rights and authority vested in it by the laws, and constitution of Michigan and the United States or which have been heretofore properly exercised by it, excepting where expressly and in specific terms limited by the provisions of the Agreement. It is recognized by the parties that the government management of the City, the control and management of its properties, and the maintenance of municipal functions and operations are reserved by the City and that all legal prerogatives of the City shall be paramount and be solely the City's right and responsibility; provided, however, the City agrees to negotiate any changes in personnel policies related to hours, wages and working conditions not described in this Article, of any members of the Union.

Except as this Agreement otherwise specifically and expressly provides, the Employer retains the sole and exclusive right to plan, manage, direct, and operate all its operations, services, and activities. Among the rights of management, included by way of illustration and not by way of limitation, are the right to: determine the organization of the Department, the number of employees, and their work functions; to add or eliminate jobs; to leave positions vacant or change the number of employees assigned to a particular job; to schedule and assign; to require employees to respond in an emergency situation; to hire, suspend, demote, discipline or discharge employees for cause; upon fourteen (14) days' notice to the Union, to establish and revise rules, regulations, policies and procedures regarding permissive subjects of bargaining, and to determine penalties for violations of such rules; to discontinue, combine, or reorganize any or all parts of its operations and services; to control, direct, and supervise all equipment; and to otherwise maintain order and efficiency.

Where permissive subjects of bargaining are concerned, after affording the Union an opportunity to negotiate with the City over any new rule or regulation, or amendment to an existing rule or regulation, dealing with the subject of position responsibilities, general work rules, and offenses and penalties therefore, the City may implement any such rule or regulation or amendment thereof. If, in the opinion of the Union, any such rule, or regulation, or amendment thereof is unreasonable, the Union may grieve the reasonableness of the rule or regulation or amendment thereof as well as its application by submitting it to arbitration under Step IV of Article X, Grievance Procedure. No such rules or regulations shall become effective until at least thirty (30) calendar days after announcement.

This Agreement shall supersede any rules or regulations inconsistent herewith.

ARTICLE V NO-STRIKE CLAUSE

During the life of this Agreement the Union will not cause, nor permit its members to cause, nor will any members of the Union take part in a strike or any concerted effort to diminish the quality or quantity of the work performed by members of the Union. In the event of any of the above violations of this Article, the City will take immediate disciplinary action against the employees involved. The City will not lock out employees during the term of the Agreement.

ARTICLE VI RIGHTS OF THE EMPLOYEE

SECTION 1. GENERAL

Employees shall have the right to join the Union to engage in the lawful concerted activities for the purpose of collective negotiations or bargaining or other mutual aid and protection to express or communicate any view, grievance, or complaint or opinion related to the conditions or compensation of public employment or their betterment and free from any and all restraint, interference, coercion, discrimination or reprisal.

SECTION 2.

Union representatives shall be afforded time off, during working hours, without loss of pay, to fulfill their Union responsibilities of contract negotiations, grievance processing, and the administration of this Agreement. Overtime shall not result from the fulfillment of such Union responsibilities unless it is approved in advance by the Fire Chief.

Two designated Union representatives, but no more than one designated Union representative per shift, shall be afforded reasonable time off, during working hours, without loss of pay, to attend educational meetings and district meetings if time is available under normal scheduling and subject to the approval of the Fire Chief, providing no overtime is required.

Subject to shift complement and approval of the Fire Chief, up to two representatives of the Union, but no more than one designated Union representative per shift, may attend the following functions without loss of pay, not to exceed a combined total number of one hundred twenty (120) hours per fiscal year:

- International Fire Fighters Convention (Even years in August)
- Michigan Professional Fire Fighters Union Convention (Even years in May/June)
- IAFF Redmond Health & Safety Symposium (Odd years in August)

The Union shall request time off for these functions no later than March 1st of the year the event is scheduled. This time will be reserved on the leave day schedule by the Chief or his designee after the first round (H-days) and second round (vacation picks) of scheduled time off are completed. Time off shall only be granted during the actual dates and/or times of the event.

If the convention, seminar, symposium or other approved event is held in Wayne County or a bordering county, paid release time may only be approved for the time of the event plus travel time. In the event a Union representative who was granted paid release time wishes to not return to duty for the remainder of his/her shift as provided above, that employee may substitute accrued leave time (excluding sick leave) for the remainder of their shift provided such request is approved in advance by the Chief or his designee.

SECTION 3. BULLETIN BOARDS

The City will furnish the Fire Department a bulletin board to be used by the employees to post their Union notices and information pertaining to the Fire Department and these bulletin boards, or anything posted thereon, will not be disturbed by an official of the City, with the President of the Union or his designee responsible for the content thereof.

SECTION 4.

The City shall allow the Union to schedule meetings on Fire Department property, insofar as such meetings are not disruptive of the duties of the employees or the efficient operation of the Department.

ARTICLE VII MISCELLANEOUS

Employees shall be given fourteen (14) calendar days' notice prior to any shift change. If the above notice is not given then the employee will be compensated at time and one-half (1½) for his/her first day worked on the new shift. This language shall not apply in the event of a promotion, a voluntary move by the affected employee, or to probationary employees.

No employee shall be required to do special skilled work, usually performed by a skilled tradesman, for example-but not limited to-electrician, plumber, carpenter or painter. The ordinary housekeeping as presently performed, maintenance of grounds and equipment such as cutting grass, shoveling snow, painting of equipment and general housekeeping repairs shall continue.

Ordinary housekeeping and normal training functions shall be completed between 8:00 a.m. and 4:00 p.m. This does not restrict specialized training which may be scheduled at appropriate times on an employee's scheduled work day.

ARTICLE VIII OTHER AGREEMENTS

The City shall not enter into any collective bargaining agreements with its employees individually or collectively or with any other organization which in any way conflicts with the provisions of this Agreement.

The Fire Department Standard Operating Guidelines Manual of rules and regulations promulgated by management shall continue to be in effect at the time of this Agreement, but shall be subject to modification and amendment by the Fire Chief and/or City Administration. Any modifications and/or amendments shall be submitted by the Fire Chief to the Union Executive Board prior to implementation.

ARTICLE IX REPRESENTATION

All employees covered by this Agreement will be represented for the purpose of grievance procedure and negotiations by a committee composed of no more than four (4) members of the Union. This committee shall be chosen in any manner seen fit by the Union and a letter of authorization from the Union President naming such representatives will be given to the City when the changes in representatives take place.

The Chief or his designee shall also recognize three (3) shift stewards as representatives of the Union.

ARTICLE X GRIEVANCE PROCEDURE

SECTION 1.

Any grievance or dispute which may arise between the parties which is claimed to be a violation, misapplication, or misinterpretation of this Agreement shall be resolved in the following manner:

Step I The employee allegedly aggrieved shall first discuss his/her complaint with the Fire Chief with or without his/her steward, and both parties shall make every effort to satisfactorily settle the complaint. The steward may be allowed time off without loss of pay to investigate a grievance that may arise from this Agreement, providing no overtime is created. This privilege shall not be abused.

Grievances affecting a large number of employees may be treated as a policy grievance and entered at Step II by the Executive Board of the Union.

Step II If the dispute is not settled orally with the Fire Chief, the employee and/or Steward shall present the grievance in writing to the Director of Police and Fire Services or designee within ten (10) calendar days after the grievance occurs or after knowledge of its occurrence. The written grievance shall set forth the nature of the Agreement that the Union claims has been violated, and the specific remedies the Union seeks. The employee or employees allegedly aggrieved must sign the grievance before it will be processed. The Director of Police and Fire Services or designee shall have fifteen (15) calendar days in which to answer in writing.

Step III If the grievance is not settled at Step II of the procedure, the Union shall submit the grievance to the City Administrator or Human Resources Director, with a copy to the Fire Chief and Director of Police and Fire Services, within ten (10) calendar days after the Director of Police and Fire Services or designee's answer is received. The City Administrator or Human Resources Director shall respond within thirty (30) calendar days after receipt of the grievance.

Step IV If the grievance is still unsettled, either party may, within sixty (60) calendar days after the reply of the City Administrator or Human Resources Director, by written notice to the other, request arbitration.

The Arbitration proceeding shall be conducted in accordance with policies and procedures of the Michigan Employment Relations Commission. The arbitrator's decision will be in writing and will set forth findings of facts, reasoning and conclusions on the issue submitted. The power of the arbitrator stems from this Agreement and the Arbitrator's function is to interpret and apply this Agreement and to pass upon alleged violations thereof. The arbitrator shall have no power to add to, subtract from, or modify any of the terms of this Agreement, nor shall the arbitrator have power or authority to make any decision which requires the commission of an act prohibited by law or which is violative of the terms of this Agreement. The decision of the arbitrator shall be final and binding upon the Employer, the Union and the grievant, provided that the arbitrator shall not insert his/her judgment, wisdom, or reasoning for that of the Employer or the Union.

The costs for the arbitrator's services, including expenses, if any, shall be borne equally by the parties. Each party shall pay for its own expenses.

SECTION 2. TIME LIMIT

No grievance shall be processed unless it is presented within ten (10) calendar days of its occurrence or knowledge of its occurrence. The time limits set forth above in Step I through Step IV may be extended for good cause shown or mutual consent of the parties.

Failure of the Union to abide by the time limits set forth in Step I through Step IV above shall be considered an abandonment of the grievance. Failure of the Employer to abide by the time limits set forth in Step I through Step IV shall be considered a granting of the grievance without prejudice.

All Fire personnel must attend license recertification courses that are required by the Michigan Department of Public Health. These recertification courses will be offered on an annual basis by the Fire Department. If Fire personnel cannot or do not attend the necessary course sessions for any reason, the individual will be required to obtain recertification on their own time and at their own expense. **ARTICLE XII
HOURS**

SECTION 1.

Effective January 1, 1986, members shall be scheduled to work an average of 56 hours per week on a three platoon system which shall begin each day at 8:00 a.m. and end the following day at 8:00 a.m. The work schedule shall be as prescribed by Act 125, Michigan Public Acts of 1925, as amended by Act 115, Michigan Public Acts of 1965 as amended. Each member of each platoon shall receive a mandatory leave day to be taken during each twenty-eight (28) day period, by which the work week will be effectively reduced to 50 hours per week. The mandatory leave day will be selected in accordance with the Fire Department Standard Operating Guidelines Manual.

The hourly rate for purposes of overtime and move-up will be based upon the annual wage divided by 2600 hours, effective April 1, 1993. Scheduled hours actually worked in excess of 216 hours in a 28 day period (cycle) will be paid at the rate of time and one half at the hourly rate applicable.

The 28-day periods shall begin October 1, 1983, and shall continue in a consecutive manner.

SECTION 2. CALL-OUT TIME

Employees shall be paid a minimum of four (4) hours, or time and one-half times the actual hours worked, whichever is the greater.

Trading employees will be responsible for assurance that they possess departmental abilities to fill in for each other. All traded time shall be repaid with time. Employees shall not be permitted to purchase for value or to contract the services of another to provide coverage of any assigned shift. The City shall not be liable for any additional wage or overtime obligation as a consequence of employees trading time. Trading of time will not be allowed during periods of pre-scheduled mandatory training. Trading of time will only be permitted during an employee's probationary period if approved in advance by the Chief.

- B. Compensatory time may be utilized on an hourly basis as needed by employees, subject to prior approval by the Fire Chief or designee. If a request for utilization of compensatory time is approved by the Fire Chief or designee, and such use of time reduces the manpower complement to a level that necessitates the scheduling of or a call-in for overtime, the employee will have the total hours required to fill their absence charged against their compensatory time bank.

Promotions will be made based upon this highest ranking on the promotional list from those individuals in the rank immediately below the rank to which the promotion is being made. In the event the list of eligible candidates from the rank immediately below the rank to which the promotion is being made has been exhausted (i.e., all eligible employees have been promoted, decline the promotional opportunity, are not eligible for promotion or are no longer employed), the highest ranking candidate from the next higher rank shall be offered the promotion.

1. Written exam (70% pass/fail)
2. Trenton Fire Department experience

The three Captains scores will be averaged together to make one score. The scores will be added together, and then divided by 4. The 10 point evaluation will then carry a weighted score up to 25 points (a score of 9 would be .9 x 25 = 22.5 points). Any evaluator that scores below a 7/10 must document reason for score, for the purpose of candidates' improvement for future testing.

Each eligible candidate shall have 1/12th (one-twelfth) point for each completed month of service as a member of the Trenton Fire Department added to their overall score. There shall be no maximum cap for Trenton Fire Department points.

An oral exam shall consist of verbal questions and answers which all candidates will receive the same primary questions. Each member on the oral board will score the candidates up to 10 total points. The scores will be added together, and then divided by 4. The 10 point evaluation will then carry a weighted score up to 25 points (a score of 9 would be $.9 \times 25 = 22.5$ points). Any evaluator that scores below a 7/10 must document reason for score, for the purpose of candidates' improvement for future testing.

Each eligible candidate shall have 1/12th (one-twelfth) point for each completed month of service as a member of the Trenton Fire Department added to their overall score. There shall be no maximum cap for Trenton Fire Department points.

Any employee actively serving in the Armed Forces of the United States, or absent because of enforced military training, shall not lose his seniority status, but upon termination of such service, he shall be re-employed by the City to the position he held when he left, or to any higher position he could have attained had he been working; provided he has been honorably discharged from the service and reports to work within ninety (90) days after discharge.

SECTION 8. NON-UNION PROMOTIONS

The person who receives a non-union promotion will lose no seniority rights or promotional rights within a five (5) year period after the acceptance to this position. Within a five (5) year period, he may elect to return to his former rank and/or his elevated position if his seniority so warrants. If the employee is rejected by the Department Head within the five (5) year period, he shall return to the ranks in his former position or the position which may have been open to him during the five (5) year absence.

After the five (5) year period, seniority credit for employees promoted to any position outside the bargaining unit shall be frozen and cease to accumulate. If a non-union employee is relieved of his position through demotion and/or other circumstances, only those employees who have not fulfilled age and/or service requirements for a full retirement may return to the ranks.

The employee shall return to the rank allowed by his frozen seniority status and at the next opening or promotion within the department, he may exercise his bidding rights using only his bargaining unit seniority. Length of service in a non-union position shall not be considered.

All other benefits such as vacations, longevity, etc., shall be based on the employee's length of service with the City of Trenton.

The City shall have the right to place a qualified employee promoted to a non-bargaining unit position at any established pay grade step identified for that position. The following guideline for minimum placement is recognized based upon the employee's years of service with the City of Trenton:

ARTICLE XXIV OCCUPATIONAL DISABILITY

SECTION 1. METHOD OF PAYMENT

An employee unable to work because of an injury or disease sustained on the job in the direct line of duty shall receive full pay for twenty-four (24) months with his/her compensation checks being turned over to the City. It is understood that this benefit will be made for the original and not recurring injuries. A different on-the-job injury would be covered by an additional full twenty-four (24) month payment.

SECTION 2. "MAKE-UP PAY"

An employee who, because of compensable injury or occupational disease sustained while on the job working for the City, is unable to perform the essential functions of their job, may be assigned other work which they are able to perform within their medical restrictions. Such "light duty" work assignment shall be in his/her own or another department of the City.

The make-up rate of pay shall be that of the employee's regular classification at the time of the injury or disease. Make-up pay shall apply for a period of up to twenty-four (24) months, or until such time as the employee returns to full duty without restrictions, whichever comes first. If a light duty assignment is offered to an employee, they must work that assignment in order to receive make-up pay. If a light duty assignment is offered to an employee and they elect to decline that assignment, there shall be no make-up pay from the City and the employee's compensation will be as prescribed by Workers Compensation Laws.

In the event a light duty assignment provides an alternative work schedule (e.g., some variation of a 40 hour per week schedule or any other schedule less than their regular 50 hour per week schedule), the employee shall continue to receive the full amount of make-up pay.

If an employee assigned to light duty is unable to work for any reason (excluding an appointment or medical care directly related to the compensable injury or occupational disease), the employee must substitute accrued leave time in order to receive make-up pay for the time they were not at work.

SECTION 3. FRINGE BENEFITS

During the twenty-four (24) month period (referred to in Section 1 above) beginning from the date of injury, the employee will accumulate all present fringes, i.e., vacation days, sick days, holidays, longevity, etc.

After a twenty-four (24) month period:

- A. The employee will be considered on extended medical leave and will not accumulate sick or vacation days. The employee will not be paid for holidays and personal days. If disability is of a long duration (twenty-four (24) months or more), longevity will be paid pro-rata for the year ending the twenty-four (24) month period and the year in which he or she returns to work, but no payments will be made in between.
- B. It is understood that there will be no loss of seniority during the disability. Upon return to work the employee will receive in the next year the vacation and longevity pay according to his/her length of employment with the City.
- C. Personal days, holidays and vacation days that he/she had earned prior to and through the first twenty-four (24) months of injury will be paid to the employee prior to the end of the twenty-four (24) month period following the injury.
- D. After the twenty-four (24) month period in the case of injury or illness for which an employee is eligible for work disability benefits under the Michigan Workers Compensation Law, the employee may elect a salary payment which, with the employee's work disability payment, equals his/her regular net salary (gross pay less Social Security, federal and state tax, and retirement deductions). The total hours necessary to equal this payment will be charged against his/her sick time accumulation for each pay period an employee received this additional payment.
- E. When an employee receives Social Security Benefits and/or Disability Pension Benefits, all benefits under this section shall terminate immediately as of the date said Social Security Benefits and/or Disability Pension Benefits are made payable.
- F. The City will continue payments on Life and Health Insurance, Optical and Dental, in the manner specified in this Agreement for the duration of his/her disability or until such time as the employee is entitled to (1) complete disability pension or retirement; or (2) Medicare or Medicaid.

SECTION 4. REPORTING

Employees, at their own expense, shall report by phone or in person at least once per week to the Fire Chief regarding their physical condition and any major developments which may occur. This will assure the Fire Chief the opportunity to properly schedule work in the respective operations.

If employees fail to report in accordance with this section, for those weeks' periods wherein employees fail to report employees shall receive only the Workers' Compensation benefit with no additional funding from the City.

ARTICLE XXV NON-OCCUPATIONAL INJURY OR ILLNESS

- A. An employee unable to work because of non-occupational injury or illness will use sick days, accrued personal days, earned vacation days, and compensatory time and will then be classified as on extended medical leave and shall accrue no vacation, sick days, personal days, longevity, etc.
- B. The City will continue payments on Life, Health, Dental and Optical Insurance in the manner specified in this agreement for such an employee for a twelve (12) month period starting from the day on which all accrued leave time is used up.

ARTICLE XXVI
HEALTH AND PHYSICAL FITNESS

The City shall, at its expense, and in conjunction with Trenton City Code Chapter 24, Article II, Section 42-101 "Continuing Employment Standards" covering fire fighters hired after September 15, 1975, provide each fire fighter with an annual physical examination. The aforesaid employees will be required to take and pass such annual physical/medical examination as prescribed by the City Administrative Offices to ensure that the employee is free of any physical or mental condition which would affect required duty performance. Such physical examination will be administered as follows:

1. The annual physical examination will be scheduled in conjunction with and as close to the date of agility testing as possible to ensure that those undergoing the agility testing will be in proper physical condition therefore. Annual physical exams will be administered in accordance with current NFPA requirements.

If the employee fails any of the required physical examination tests, the employee may consent to other tests which are considered necessary by the physician/facility to clear the employee for fire fighting duty.

2. The physical examination will be authorized through the Personnel Department and scheduled during duty hours between the Personnel Department and the employee's department head or designated representative. When the employee is due for this physical examination, the employee will be notified at least one week prior to scheduling the examination.
3. The City will endeavor at all times to maintain the utmost confidentiality. In conjunction with the "Right to Know Act" (ACT 397, Public Acts of 1978) the physical examination will not be included in the personnel file and will thus have limited exposure. The member will have the option of receiving a copy of this physical examination from the City's medical facility upon authorization by the Personnel Department for release of records or may request that the examination results be forwarded to the employee's physician. Unless the member is considered by the medical facility to be unacceptable for continued fire fighting duties, no contact will be made by the employer with the employee.
4. The employee shall be subject to an annual physical fitness test in relation to necessary job performance and skills as described in Section 7 of this Article. Professionally acceptable standard evolutions shall be utilized for this evaluation. The evolutions shall be correspondingly graduated to the age of the employee performing the test. Prior to administering the agility test the employee will have been given an annual physical examination as a prerequisite to ensure that the employee is physically fit for agility testing. The Department Head shall, with the aid of any other department personnel, administer the agility test and after recording the score shall forward the results to the Personnel Office for the employee's permanent record. A union representative may be present if requested by the union personnel being tested. As the performance of the agility test is to test the employee's physical fitness and endurance, and the medical examination is to assure that the employee is in good physical health, the employee who does not pass the agility test or who is not medically approved by the designated medical facility for continued fire fighting shall be retested within a 30-day period to determine if any improvement has been made. If the employee again fails to meet the agility requirements the employee shall be placed on a medically approved exercise program to increase the employee's physical fitness. Failure to meet the physical fitness requirement or to qualify for fire fighting duty in the medical examination within a 120 calendar-day period of the second testing date shall cause the City to follow the procedures as outlined in Section 42-101 of the City of Trenton Codification, viz: if found failing after re-examination, the employee shall then be subject to compliance as prescribed under the direction of the physician/facility which may or may not preclude active employment until such is corrected. The employee may be placed on sick or medical leave until such deficiency is corrected. If determined uncorrectable by the physician/facility or after all sick benefits have been exhausted, the employee may request disability pension or may be placed on extended medical leave with benefits subject to the conditions in paragraph 6, and consistent with Article XXVI, Non-Occupational Injury or Illness.

5. If such employee can produce medical evidence to the contrary from a licensed physician and at the employee's own expense, he/she will be re-examined by the City's facility/physician at the City's expense. If upon said re-examination the City's physician/facility determines that the deficiency has been corrected, the employee will return to work. If at this time the City's facility/physician does not approve the employee for active fire fighting, the employee's report, together with the City's reports shall be subject to an impartial examination and decision by a third licensed physician selected by the two previous examiners. The expense to obtain the opinion of the third physician shall be borne by the City. The decision of the third physician shall constitute a majority opinion and shall determine the final decision.

Should the third opinion concur with the Fire Fighter's physician and determine that the Fire Fighter was fit for full duty, any benefits which ceased upon the employee's failure to qualify for duty by the City's medical facility will be restored retroactive to the date the report of the Fire Fighter's physician was received in the Personnel Office. Should the third opinion concur with the City's physician/facility and determine that the Fire Fighter is not fit for full duty, the employee shall be subject to the conditions in paragraph 4.

6. If at any time during the following twelve (12) months after being placed on extended medical leave with benefits as a result of the above procedure, the employee can produce medical evidence that he/she is able to return to work, the employee may reapply for work by following the procedure established in Section 5. There shall be no loss of departmental seniority and benefits will be reinitiated upon the employee's return.

If upon exhaustion of the twelve (12) month extended medical leave the employee is not able to return to work in a full-duty capacity, the employee shall be terminated.

7. The following test will be performed in a manner similar to an obstacle course. Prior to starting the test, the employee shall don complete turn-out gear including air pak and mask. All necessary equipment will be set-up as required.

A. LADDER RAISE AND CLIMB: The fire fighter will raise and extend a 24 foot extension ladder to the roof in the rear of Fire Station 1 over the jail. The fire fighter will ascend the ladder to the roof, proceed from the ladder to the roof, and then descend the ladder to the ground. Employees shall then remove Air Pak and mask for the remaining evolutions. EVOLUTION ADJUSTMENT: AGE 31+; LADDER RAISE WILL BE AIDED.

B. BALANCE BEAM: The fire fighter will walk the length of a secured beam twenty (20) feet long, and six (6) inches wide, carrying one length of 1 1/2" inch hose, with nozzle. The fire fighter will carry the hose and nozzle the entire length of the beam without falling or stepping off the beam.

C. MAN CARRY: The fire fighter will lift, from the floor, 100 lbs., and carry the weight 100 feet, without stopping.

EVOLUTION ADJUSTMENT: Age 31-35 Weight reduced to 50 lbs.

HEALTH AND SAFETY**

SECTION 1. RESPONSIBILITY

It shall be the mutual responsibility of the City and all its employees to enjoin themselves in the humanitarian goal of preventing human suffering through accidents, injuries and unhealthy working conditions. Both parties to this contract will endeavor to mutually and cooperatively enforce the safety rules and regulations that will be so set forth, by OSHA and MIOSHA, and those set forth by the Joint Safety Committee. A representative of the Union may be designated by the Union as a representative on the Joint Safety Committee. Committee members serve at no extra compensation by the City.

When a complaint arises regarding imminent health or safety conditions the first step of the grievance procedure in this contract shall be waived. The safety representative for the Union, the Fire Chief, and the City's representative on grievance matters will meet within a reasonable length of time (not to exceed seven (7) days after receiving the complaint) to discuss the settlement of the health or safety complaint.

Should the complaint not be settled, and it is agreed that additional meetings would be fruitless, Step III of the Grievance Procedure shall be implemented. The intent of waiving portions of the grievance procedure is to expedite and resolve all complaints regarding health or safety.

**ARTICLE XXVIII

In the event that any of the provisions of this Agreement shall be or become invalid or unenforceable by reasons of Federal or State Law or City Charter now existing, or hereafter enacted, such invalidity or unenforceability shall not affect the remainder of the provisions hereof.

SECTION 2. INTERN FIRE INSPECTOR PROGRAM

The City and Union agree to meet in an effort to come to agreeable terms to resume the Intern Inspector Program. SECTION 3. LOCAL FINANCIAL STABILITY & CHOICE ACT

This Agreement adopts by reference any terms and conditions imposed by the State of Michigan, the Department of Treasury, Public Act 436 of 2012 or any other regulation or law adopted by the State of Michigan.

The inclusion of this language or any language required under section 15(7) of the Public Employment Relations Act does not constitute an agreement by the Union to the substantive or procedural content of the language. In addition, inclusion of the language does not constitute a waiver of the Union's right to raise Constitutional and/or other legal challenge (including contractual or administrative challenges) to the validity of: (1) appointment of an Emergency Manager; (2) PA 436 of 2012, as amended, (Local Financial Stability and Choice Act) ("the Act"); or (3) any action of an Emergency Financial Manager which acts to reject, modify or terminate the collective bargaining agreement. This Section shall immediately sunset if that Act is ruled unconstitutional or reversed in a final decision by the Michigan Supreme Court, the Michigan Court of Appeals or a federal court.

3. Rental and purchase of durable medical equipment
4. Home health care
5. Purchase of custom-made orthotic or prosthetic appliances

Coordination with Other Coverage for Injuries Arising out of Automobile Accidents

In the event that a covered person is injured in an accident involving an automobile, this Plan shall be the primary plan for purposes of paying benefits and the covered person's automobile insurance shall pay as secondary.

If a covered person receives treatment from an out-of-network provider and the Plan Administrator determines that the sole reason that the covered person received those services from an out-of-network provider instead of from an in-network provider was either 1.) The lack of a Qualified in-network provider within a Reasonable Distance from the covered person's residence, or 2.) A covered person traveled to a place where he/she could not reasonably be expected to know the location of the nearest in-network provider (if available), the claim may be adjusted to yield in-network-level benefits.

For the purposes of this provision, the term "Qualified" means having the skills and equipment needed to adequately treat the Covered Person's condition. The term "Reasonable Distance" approximates a 50-mile radius.

NOTE: If your health plan generally requires the designation of a primary care provider, you have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. For children, you may designate a pediatrician as the primary care provider. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact ASR Health Benefits at (800) 968-2449.

You do not need prior authorization from the health plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services or following a pre-approved treatment plan or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact ASR Health Benefits at (800) 968-2449.
